AMENDMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This Amendment is submitted in response to a non-final office action in the above case dated December 14, 2005 ("Third Office Action"), following a Request for Continued Examination, in which the Examiner rejected all the claims as obvious (35 U.S.C. §103) over cited art. On March 14, 2006, the attorney for Applicants and the Examiner had a phone interview discussing the rejection and amendments to the claims. The amendments and patentability arguments discussed during the phone interview are set forth below. The Examiner proposed amending claims 11, 23, and 35 to include the requirements of the base claims 1, 13, and 25. The Examiner indicated he would reconsider the rejection in view of such amendments. Applicants made these proposed amendments and submit for consideration. Applicants made further claim amendments and added claims 37-39. Applicants traverse the prior art rejections with respect to the amended claims and submit that all pending claims 1-6, 9-18, 20-30, and 32-39 are patentable over the cited art and in condition for allowance for the reasons discussed herein.

Amendments to the Claims are reflected in the listing of claims which begins on page 2.

Remarks/Arguments begin on page 11.
